Product

This is a very powerful, odorless and toluene free thinner. This product can be used universally for cleaning various water-based and solvent-based coatings. This Perfect Line Premium Thinner is ideal for the car body repair sector where high demands are placed on the cleaning of spray guns. Please note that this thinner is not suitable for use as a degreaser.

Item number(s)

PL.PTH.25 (= 25L tin)

Physical and chemical product properties

Packaging	: 25L
Appearance	: Liquid
Colour	: Transparent
Flash point	: < 23°C
Density	: 0.81 kg/litre
VOC value	: 810 g/litre
Shelf life	: A maximum of 3 years if the packaging is unopened.

Processing method

The thinner can be used in the following ways:

Immersion

Immerse the object to be cleaned in a container with thinner for a while to give the thinner time to dissolve the coatings.

Spraying

Fill a spray gun cup with thinner and then spray the object.

Brushing

Moisten the object with thinner using a brush, for instance. The advantage of this is that by brushing, a mechanical (faster) cleaning also takes place.

Cleaning

Thoroughly moisten a soft cleaning cloth with thinner and use it to clean the object.

Advice

It is advisable to dry the objects with a cloth, for example, until the thinner has evaporated. Always ensure adequate ventilation.
